

INSTRUCTIONS FOR MAKING CARD BOXES

For both sizes A5 and A6

1. Print out the Box Base first onto White card, this can be flood filled with a backing sheet design of your choice if you wish, cut out around outer edges.
2. Flood-fill the Box Lid with the backing sheet of your choice, print out and cut out around outer edges.
3. Following the diagram below, cut out along the dotted lines for the notches at all four corners.
4. Score along all solid black lines and fold inwards crease sharply for best effect.
5. Add glue to the four corner tabs marked with 'A' and attach to the inside at 'B', hold to secure with paperclip until dry.
6. Repeat for Box base.
