

Pink Concertina Star Mydallion Card

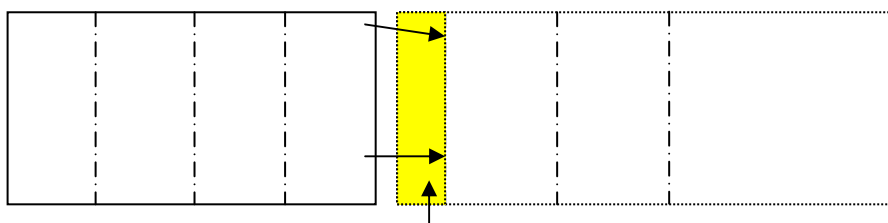

Materials

- 1 Sheet 30cm x 30cm Pink Card
- 1 Sheet Gold Mirri Card
- 1 sheet each of three contrasting Backing sheets from the Strictly Card Dancers CD
- 1 Mydallion Sheet from the Strictly Card Dancers CD
- 1 Sheet 6 pointed Star Mydallion Clear Peel-offs Gold Edged
- 30cm Gold Ribbon
- Double Sided Adhesive Tape
- 2mm Foam Pads

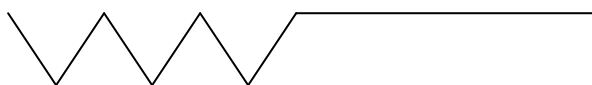

Instructions

- 1) Cut the 30cm square card in half to make two pieces 30cm x 15cm
- 2) Score the first piece of Pink card at the following measurements:- 2.3cm, 8.8cm and 15cm
- 3) Take the second piece of Pink card and cut to 25.5cm x 15cm then score as follows:- 6.3cm, 12.7cm and 19.2cm
- 4) Using the diagram below, join both pieces of card together with double sided tape.

DSTape

Add double sided tape to the narrow section coloured bright yellow on the diagram, bring the edge of the second piece of Pink card onto the top of this section up to the scored line (Allow for the card to fold here easily) and press down firmly. Fold each score line in a concertina style so when looking from the top of your card it resembles the diagram below.

- 5) Cut 1 piece of gold Mirri card to 14cm x 14cm and 3 pieces to 5.2cm x 14cm
- 6) Cut 1 piece of the gradient backing sheet to 13cm x 13cm and 1 piece to 4.2cm x 13cm
- 7) Cut 1 piece of patterned backing sheet to 4.2cm x 13cm
- 8) Cut the last piece of the Fade-out Backing sheet to 4.2cm x 13cm positioning the design towards the bottom of the cut piece as in picture below.

- 9) Using double sided tape, Matte and Layer the cut backing sheets onto the Mirri Card and then on to the card as in the picture above and below.
- 10) Place the largest of the Mydallion Peel-offs over the largest Mydallion piece on the Mydallion sheet. These Peel-off fit perfectly, use the smaller peel-offs on the smaller Mydallion pieces for embellishment.

- 11) Starting with the Largest Mydallion, add adhesive to the back of the piece and place slightly to the left of centre on the back section of your card, when your concertina is folded this should pass through the centre of the Mydallion.
- 12) Add adhesive to the lefthandside of the next largest piece of Mydallion and holding down the first fold of your concertina, place this Mydallion piece in place centrally over the first piece.
- 13) Repeat this for the next largest piece onto the second concertina layer.
- 14) And finally place the three remaining Mydallion pieces layered up with 2mm Foam pads onto the top section of the concertina.
- 15) From the second set of Mydallion pieces on your sheet cut out just the three smaller layers adding peel-offs from the sheet to this as embellishment and stack up with 2mm Foam pads.
- 16) Take your ribbon and fold in half, make a bow in the centre and then stick the two ends to the back of the small Mydallion you have just made.
- 17) To complete your card, stick the Bow to the top right-hand corner.

This completes the project I hope you have enjoyed making this card.
