

SLIDER POP-UP CARD

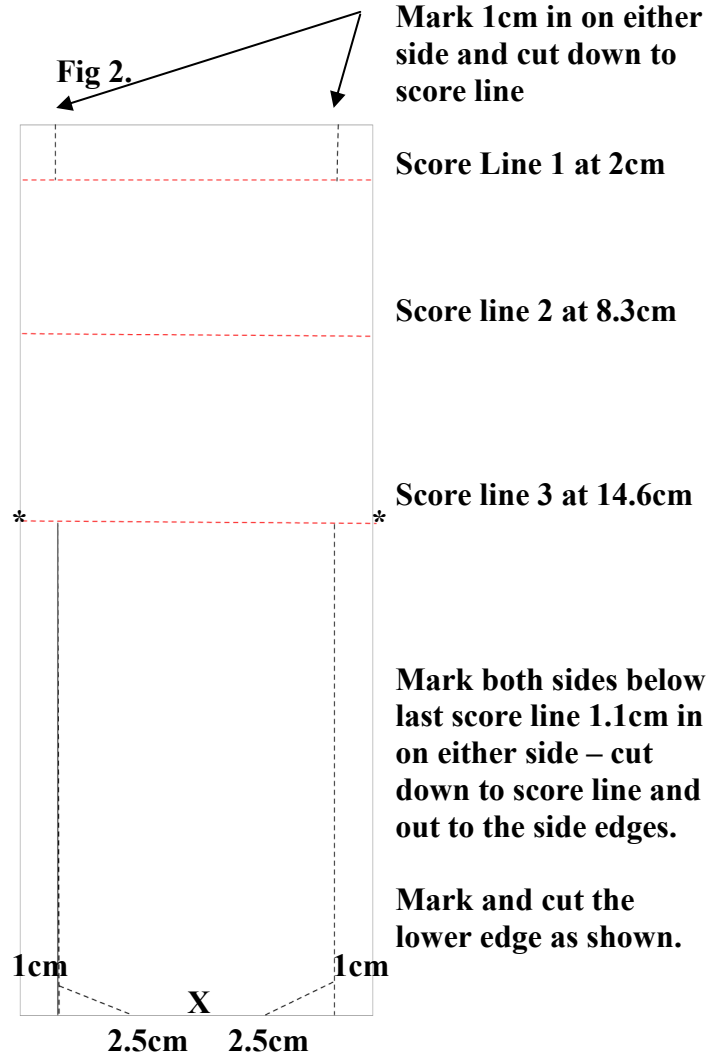

- 1) Print backing sheet of your choice onto 245gsm Matte card and cut out your decoupage pieces in preparation for making up.
- 2) Cut Base Card to the following measurements Fig 1 and then follow Fig 2 for score and cut lines.

Fig 1.

12.2 cm on the short side

28.5cm on the long side

- 3) Fold to the inside long all horizontal score lines so that the patterned side is inside.
- 4) Add a bow of ribbon to the 'X' spot on the lower edge.
- 5) Add the large picture to the top section between the top score line and the lower score line and fold again at the middle line.
- 6) Add Double sided tape to the centre top section and stick down to the inside.
- 7) Add double sided tape to the top of the 2 x 1cm flaps at the top.
- 8) Cut your Main Card to A4 x 14.5 cm
- 9) Cut out the Large picture for a second decoupage sheet and matt onto gold embossed paper or card cut to 13.4cm square and add double sided tape to the back of this.
- 10) Place the Large matted picture onto the centre of your card.
- 11) Matching the top edge of the Slider section making sure the lower flap is folded under and out at the top, tuck in the 2 small flaps, remove double sided tape and stick down to the bottom picture section.

12)
13)

Add an insert to your card and this will complete your card.
